Applicants timely filed a response under 37 CFR § 1.116. Applicants believed this amendment and comments would be entered based on an earlier interview with the Examiner, and thus did not file a Notice of Appeal along with the response under 1.116.

The response under 1.116 was not entered, and Applicants were so notified—more than six months after the mailing date of the Final Rejection. (Applicants response under 1.116 was filed at or near the six month fatal date).

Applicants seek revival of this application so that the attached Request for Continuing Examination will be timely filed.
